## Bird Bistro

A bistro for the birds. A friendly black dog with springy tail serves as maitre d' of this offbeat bird feeder while a bluebird perches on his head. Umbrella overhead plus drainage holes in the bowl help keep seed dry. Handcrafted from metal with a painted and powder-coated finish that will develop a weathered patina over time. 5 1/2"-long chain with hook for hanging. 10 1/2" diam.; 11 1/2" high. This is the coolest thing invented since sliced bread as far as we're concerned! **\$39.95**
